ISSUE NO. 2008-07

DATO' DR. LIM'S VISIT TO AUSTRALIA:

Dato' Dr. Lim's visit to Australia from 3rd to 5th of July was greatly enjoyed by DXN Members and Guests who attended his lectures at the University of Sunshine Coast, Queensland and Parramatta Leagues Club in Sydney. Those in attendance were treated to an exceptional feast of common-sense health advice, presented by Dr. Lim in a rather humorous and absorbing manner. His extensive knowledge of Ganoderma and how the mushroom can benefit our health and the quality of our lives is a treasure we were privileged to share in. We look forward to his next visit, hopefully within the next few months.

Dato' Dr. Lim with some of the attendees at his lectures:

(University of Sunshine Coast)

(Parramatta Leagues Club Sydney)

(DXN Nambour Training Centre)

(Parramatta Leagues Club Sydney)

6. Ken Burton (QLD)
7. Maureen Morrow (QLD)

Remember there are 7 prize packages to be won each month – and you may be one of the next lucky winners!

Product Information: Andro "G"

DXN Andro "G", scientific name: *Andrographis Paniculata*, is a well known herb used in many Ayurvedic formulas and also extensively in Traditional Chinese Medicine (TCM) due to its Adaptogen qualities to Normalise and Balance our cells.

DXN grow Andro "G" on their Certified Organic farm in Malaysia. This herb is often called the "King of Bitters" because of its Triterpene content which has a bitter taste, so DXN encapsulate their Andro "G" for your convenience. Bottles contain 350 mg x 30 capsules of pure "Andrographis Paniculata" (free of pesticides, preservatives, additives and artificial colouring)

It has been valued for centuries by herbalists as a treatment for upper respiratory infections, fever, sore throat, herpes, parasites and its assistance in balancing the immune system. Take Andro "G" when required, to help rid Colds, Flu and also upset stomach from consuming poorly prepared foods, as it helps maintain an efficient digestive system.

Business Opportunity Meeting / Product Demonstration /Tasting

Suite 504 Level 5 Office Tower, Westfield Shoppingtown

159-175 Church St., Parramatta, Phone: 02-9689 2755

PRODUCT REVIEW: CORDYPINE

Cordypine is naturally fermented pineapple juice enriched with Cordyceps. A potent formula as the pineapple enzymes produced from fermentation are capable of working synergistically with cordyceps to give better results and excellent performance. The ingredients are free from preservatives and chemicals. Cordypine is the best health beverage suitable for people from all walks of life.

Regular consumption of Cordypine may assist in the maintenance of general well-being, the removal of acid build-up from the joints, and the good health of the lungs. The pineapple enzymes in Cordypine will survive the stomach acids and pass unharmed into the bowel, where they can do their work properly. This is because the body's natural hydrochloric stomach acid will not destroy pineapple enzymes.

The cordyceps is a famous health fungus containing polysaccharides, amino acids, glutamic acid and Vit B12, amongst many other nutrients. Traditionally used for lung, blood, muscle and kidney health.

DXN Cordypine easy to bring on family gatherings or picnics at the park, simply combine 1 part Cordypine juice to 9 parts water to start enjoying a delicious sweet drink, your smart choice for life!
