Customer Support System new Genealogy and GPV Enhancement:

DXN is pleased to inform of a new enhancement to Customer Support System (CSS) for inquiries regarding Genealogy and GPV report.

The GPV report, **effective from September 2008 bonus**, is uploaded **by the 24th** of each month following monthly bonus processing. The report header names remains unchanged.

Features and benefits of our new enhanced report are:

*GPV report enable an upline to view all downlines with bonus from previous month and PGSV or DGSV that are not zero for the month. Distributors can filter the report by required generation.

Example: Distributor can select the generation range on 31 to 35 from drop down list.

*Paging feature separates the report, to shorten loading time. The page number can be found at the bottom right hand corner of the screen.

When page number is clicked, system will display the records allocated in that page.

*Distributors can select the number of records to display in 1 page; this is easy for reference and tracing names. This option can be found under "Records per Page (s)" drop down list.

Please visit DXN Website to see the User Guide.
