ISSUE NO. 2009-06

New Product Information: Aloe Vera Skin Care

Aloe vera, also known as the **Medicinal Aloe**, is a species of succulent plant. It is frequently cited in herbal medicine use since the beginning of the first century AD. Extracts from *A. vera* are widely used in the cosmetics and alternative medicine industries, being marketed as variously having rejuvenating, healing or soothing properties.

Aloe Vera contains protein, calcium, magnesium, zinc, vitamins A, B12 and E, essential fatty acids and is naturally rich in:

Vitamin C, to assist in maintaining blood vessels and good circulation and is essential to the health of the adrenal gland, which supports our body in times of stress.

Amino acids, which are chains of atoms constructing protein in our body.

Enzymes, the life-principle in every live, organic atom and molecule of natural raw food, rejuvenate aged tissues and promote healthy skin.

Introducing DXN's collection of: **Hydrating Toner, Aqua Gel (day)** and **Nutricare Cream (night)**. A range of products specially formulated using **Aloe Vera Extract** with a blend of other beneficial botanical extracts to hydrate, soothe and restore skin's radiance, while preventing a breakdown of the skin's protective barrier.

(Proposed price for Aloe Vera skin care)

Product Information – Mycoveggie

Mycoveggie is a specially formulated high dietary fibre food supplement mixed from a wide range of vegetables, mushrooms, herbs and spices. It is sugar-free, cholesterol-free, low in fat and sodium; and contains many nutrients including: Psyllium grain, Celery, Mulberry Leaf, Noni Leaf, Gingko Leaf, Ginger, Lemon Grass, Shitake Mushroom, Lyophilum Mushroom, St. George's Mushroom, Lion's Mane Mushroom, Elm Oyster Mushroom, Grey Oyster Mushroom, Split Gill Mushroom, Sweet Corn, Lime, Orange, Spirulina, Green Tea, Dried Tangerine Peel, Cinnamon, Star Anise and Clove.

Try Mycoveggie sprinkled over food, or add to cooking as a thickener for any dish (great for stews, gravy etc).

Also makes a healthy cup of soup, which is a great meal replacement alternative (add a touch of Himalayan or mineral salt to taste).

Mycoveggie comes in a large 400gram tub of finely ground mixture of the above ingredients.
