FANTASTIC NEWS. DXN recently launched a website for the ease of worldwide sponsoring and registering of new members. Now it is super easy to register anyone from anywhere in the world, and this step is **FREE**. Australian members are encouraged to make use of this system for their international sponsoring.

Go to <http://networkmlm.dxn2u.com>.

Upon registration into the "DXN Network System", new members will be instantly issued a DXN ID number (a 9-digit code starting with 818). This ID number then has 6 months to be activated by making a purchase from any DXN Office worldwide (locations can also be found on this website). If there has been no activation within the following 6 month period, all details will be removed from the System.

Terms and conditions are available on the website.

Revised Product Pricing:

Lloyd's of London published a White Paper on Energy in 2010, which stated that the price of oil would exceed \$200 a barrel by 2013. At the time oil was about \$80/barrel, and already it's fluctuating between \$90 - \$120. When oil goes up, the cost of everything that must be transported goes up, and that includes any goods shipped to Australia. So, with regret, we must announce an increase in DXN prices. These have been kept to the minimum needed to maintain the profit margins that our members are paid bonuses from. Our products remain competitively priced, and the best quality.

Remember, our system allows you to promote our products and receive bonuses, so you can recoup your outlay.

DXN have revised the prices and the Sales Value - SV - of products. Price changes are effective from 1st June 2011.

The revised product price list can be downloaded for reference from your member login page.

Any order placed between now and 31st May will be charged at the current price.
